

POSTDOZER

THE POWER PULLER - Posts and Stumps

£685
+ shipping

**Removes wood,
metal or concrete
posts in one.**

EASY POST REMOVAL

Designed by a fencing contractor to help in the removal of posts and stumps. Bolt and clamp, then lift easily and vertically the post or stump out of the ground. (subject to post and other conditions)

- Portable 10 ton lifting capacity, lift posts and small stumps
- Lift out wood, concrete or metal posts with ease
- Time saving removal of posts, bolt up and lift out in one
- Wood, metal or concrete posts from 75mm up to 150mm
- Remove posts near walls (if a 10mm+ gap is available)
- Vertically lifts posts from the hole
